

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my support the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

There is no hard evidence that cell phone use interferes with navigational instruments. The introduction of cell phone use in the cabin will provide a usefull service to passingers and in no way will it compromise flight attendants' ability to maintain order in an emergency. Cell phone use could would enable passingers to0contactb authorities in the event of an emergency.

Please relax the rules in now in effect.

Sincerely,

Hector Duke
